Nickel One Resources Inc. Files 43-101 Technical Report for the LK project in Finland

Vancouver, BC – Nickel One Resources Inc. (the “Company” or “Nickel One”) With reference to the news release dated March 22, 2017, the Company is pleased to announce that it has filed a new compliant NI 43-101 technical report on SEDAR pertaining to the Lantinen Koillismaa PGE-Cu-Ni project (“LK Project”) located in North-central Finland.

President & CEO, Vance Loeber stated, “We are pleased to file this 43-101 Technical Report on the LK project and look forward to advancing this very promising project in one of the world’s best mining jurisdictions.”

About Nickel One:

Nickel One Resources Inc. is a PGE, Nickel, Copper exploration and development company evaluating the Tyko Property near Marathon, Ontario, Canada and has recently acquired the LK PGE, Copper Nickel, project in Finland. Nickel One’s objective is to efficiently advance the Tyko Project through exploration and development to a mineral resource and to continue the development and expansion of the LK projects mineral resource’s. The Company intends to build shareholder value through accretive acquisition of additional promising assets.

ON BEHALF OF THE BOARD:

President & CEO, Director “Vance Loeber”

This press release is not an offer or a solicitation of an offer of securities for sale in the United States of America. The common shares of Nickel One Resources Inc. have not been and will not be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from registration.

Information set forth in this press release may contain forward-looking statements. Forward-looking statements are statements that relate to future, not past events. In this context, forward-looking statements often address a company's expected future business and financial performance, and often contain words such as "anticipate", "believe", "plan", "estimate", "expect", and "intend", statements that an action or event "may", "might", "could", "should", or "will" be taken or occur, or other similar expressions. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results, performance or achievements, or other future events, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, risks associated with project development; the need for additional financing; operational risks associated with mining and mineral processing; fluctuations in gold and other commodity prices; title matters; 6 environmental liability claims and insurance; reliance on key personnel; the absence of dividends; competition; dilution; the volatility of our common share price and volume; and tax consequences to U.S. Shareholders. Forward-looking statements are made based on management's beliefs, estimates and opinions on the date that statements are made and the Company undertakes no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Investors are cautioned against attributing undue certainty to forward-looking statements.
